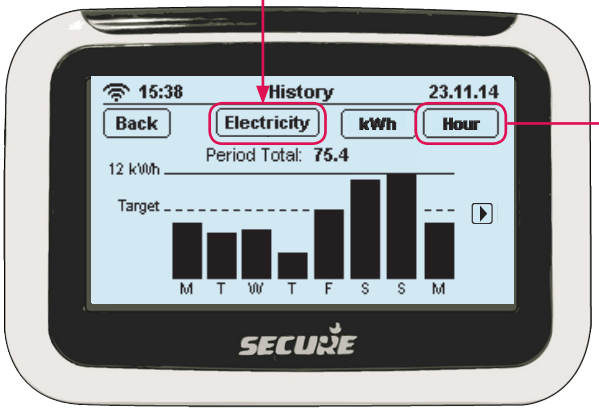
How to get Gas & Electricity Meter Readings from your Secure Handset

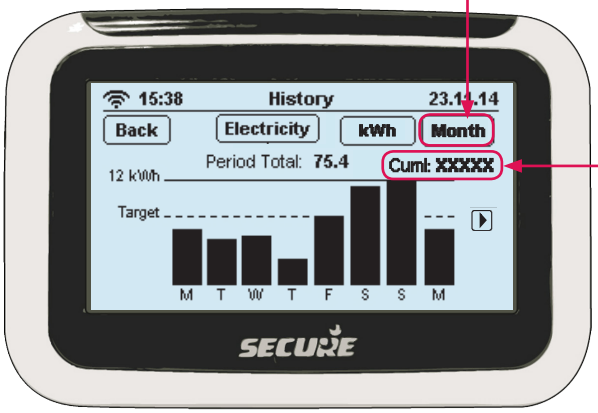
1 Go to the Main Menu screen and press the 'History' button - this will display the screen below.

2 If you have duel fuel meters, press this button to switch between 'Electricity' and 'Gas', depending on which meter reading you require.



Month

3 Press the top right-hand button that says 'Hour',until is says 'Month'.



4 **Here's your electricity meter reading!**

Remember: if you have dual fuel meters and need to access your gas meter reading, simply press the 'Electricity' button to switch to the gas 'History' screen, as explained in step 2.
